

Brush Ups Course with Christine McCoy & Peter Lewis

This course offers home decorators, interior designers and trade painters the chance to experiment with Porter's Paints range of interior and exterior wall finishes. These workshops provide a hands-on experience with tips and tricks shared throughout the course.

You will learn how easy it is to apply a tough, durable finish to your cement rendered walls, or just as easily create a soft, velvety finish inside your home.

The workshop will be a hands-on experience where you can complete a sample board in each finish, or try your hand at a decorative effect on our mobile walls. If you have a sample of the surface you intend to paint, bring it along and we'll test it and advise the best products to use and necessary preparation.

Complete this registration form and send with your payment to the address of the location of the course below or fax to (02) 9699 5332. Please attention your envelope or fax to Customer Service.
